OUR SERVICES

100,000 m²/year
Production Capacity

14 year
Technical Expertise

40000 m²
Factory Area

We have OEM and ODM service and designated supplier of IHG.

We have a high implementation capacity because of our excellent R&D team with 10 structural engineers, 7 appearance engineers, and 3 packaging engineers. The cycle of new product development and regular product upgrading is one third of the industry standard.

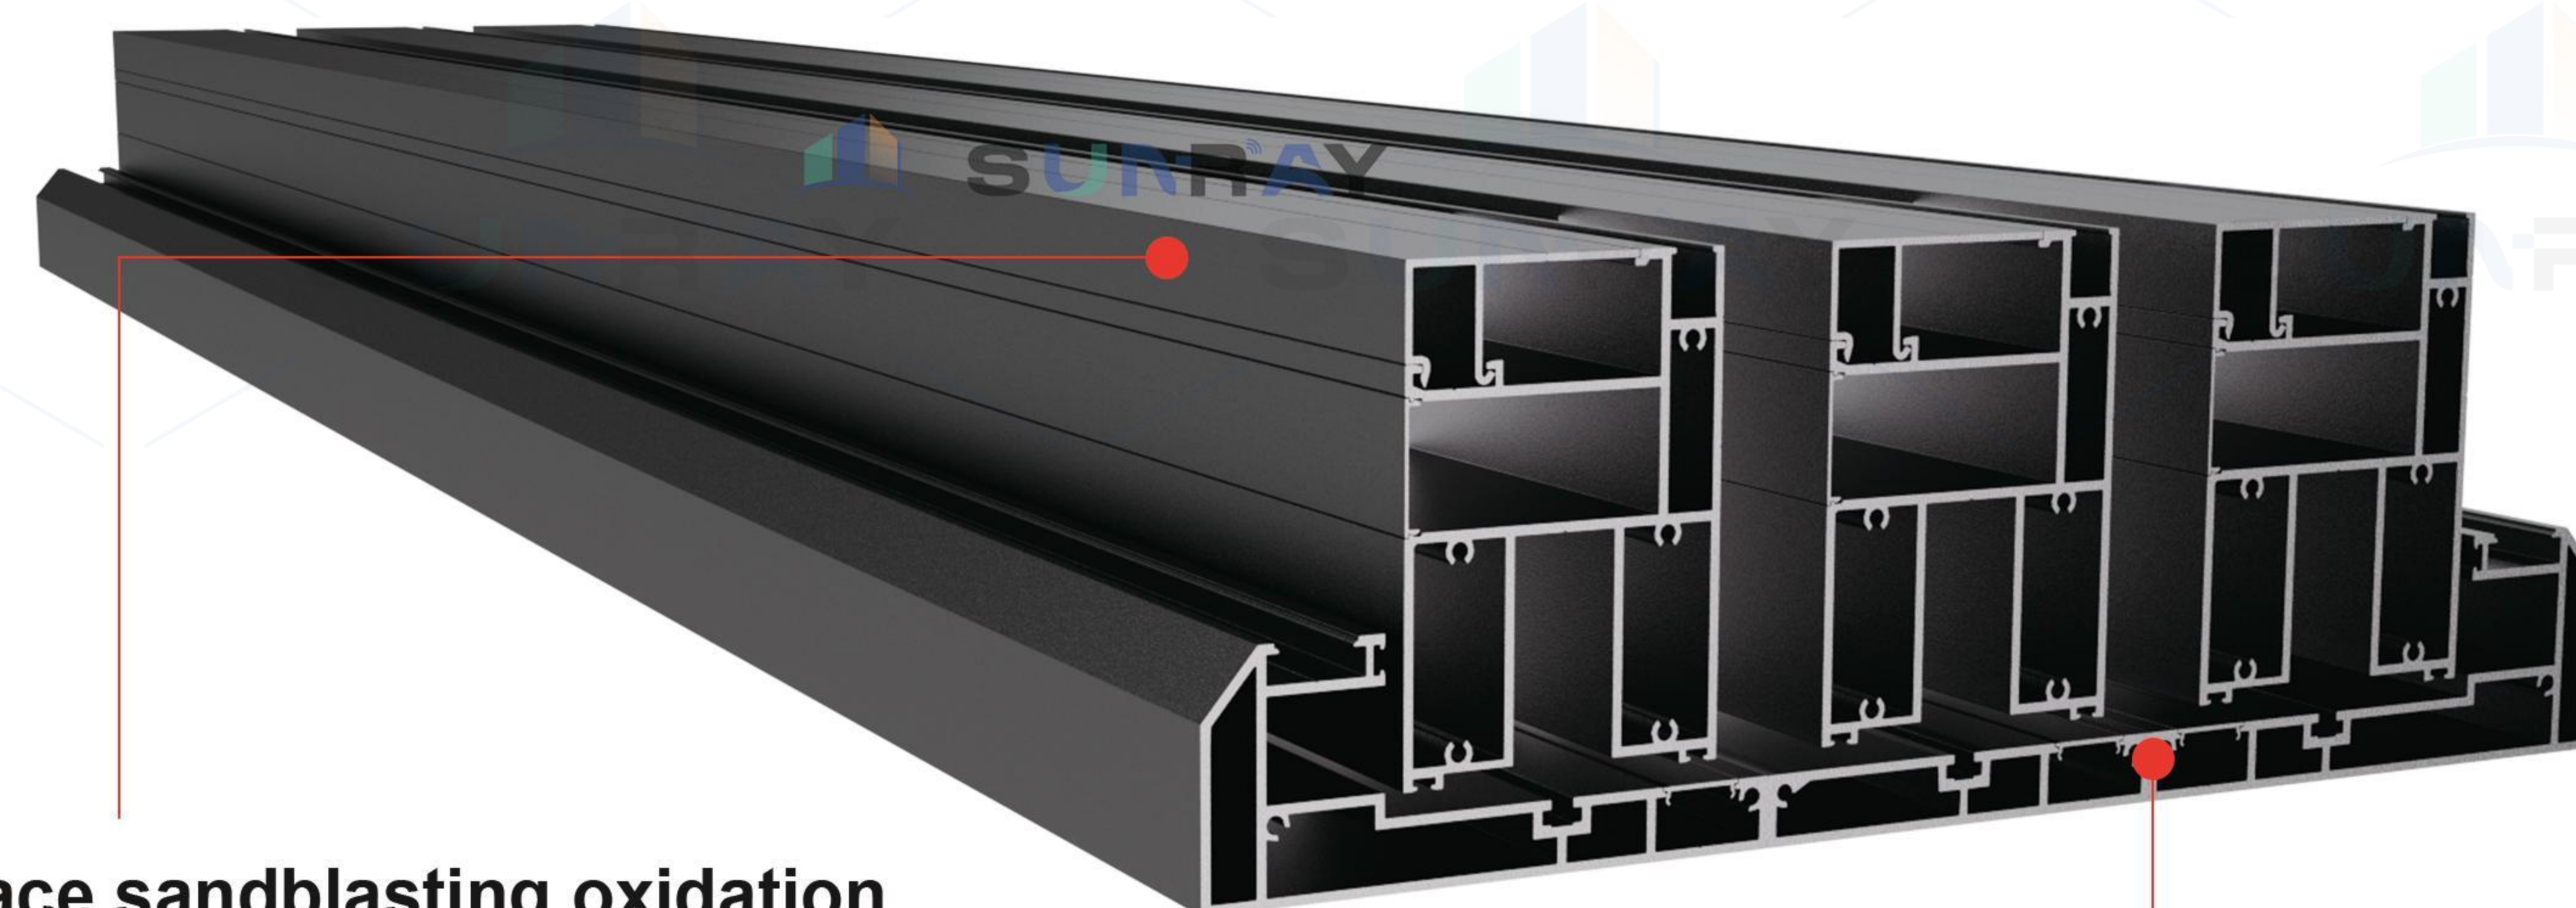

MOBILE SUNROOM

SUNRAY

Intelligent opening and closing
free breathing

Make nature within reach
let life be as it pleases

Surface sandblasting oxidation

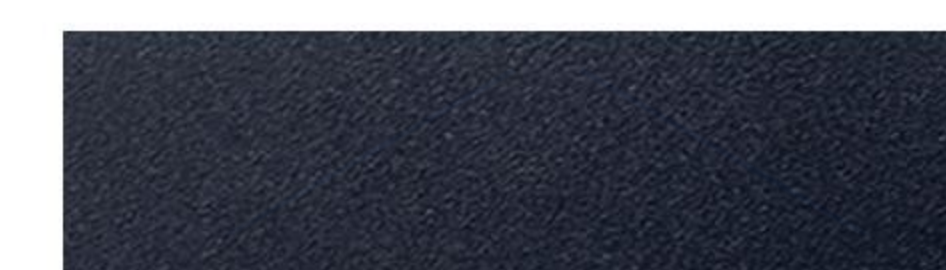

Smooth and delicate texture, durable,
anti-aging, anti-corrosion, low maintenance cost

Thick aluminum material

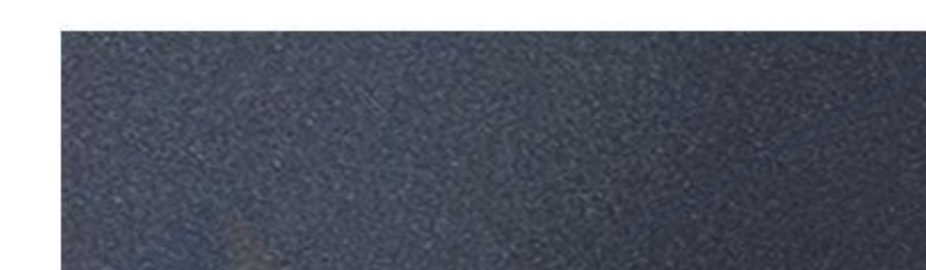

High-strength structure, strong profile
bearing capacity and strong anti-deformation ability

Personalized Options:

To better meet your needs, we support color customization for large orders, ensuring that every product perfectly reflects your brand style.

Excellent torque characteristics

The torque characteristics are excellent, the medium and low speed torque is good, the starting torque is large, the starting current is small and the overload capacity is strong.

Strong anti-interference ability

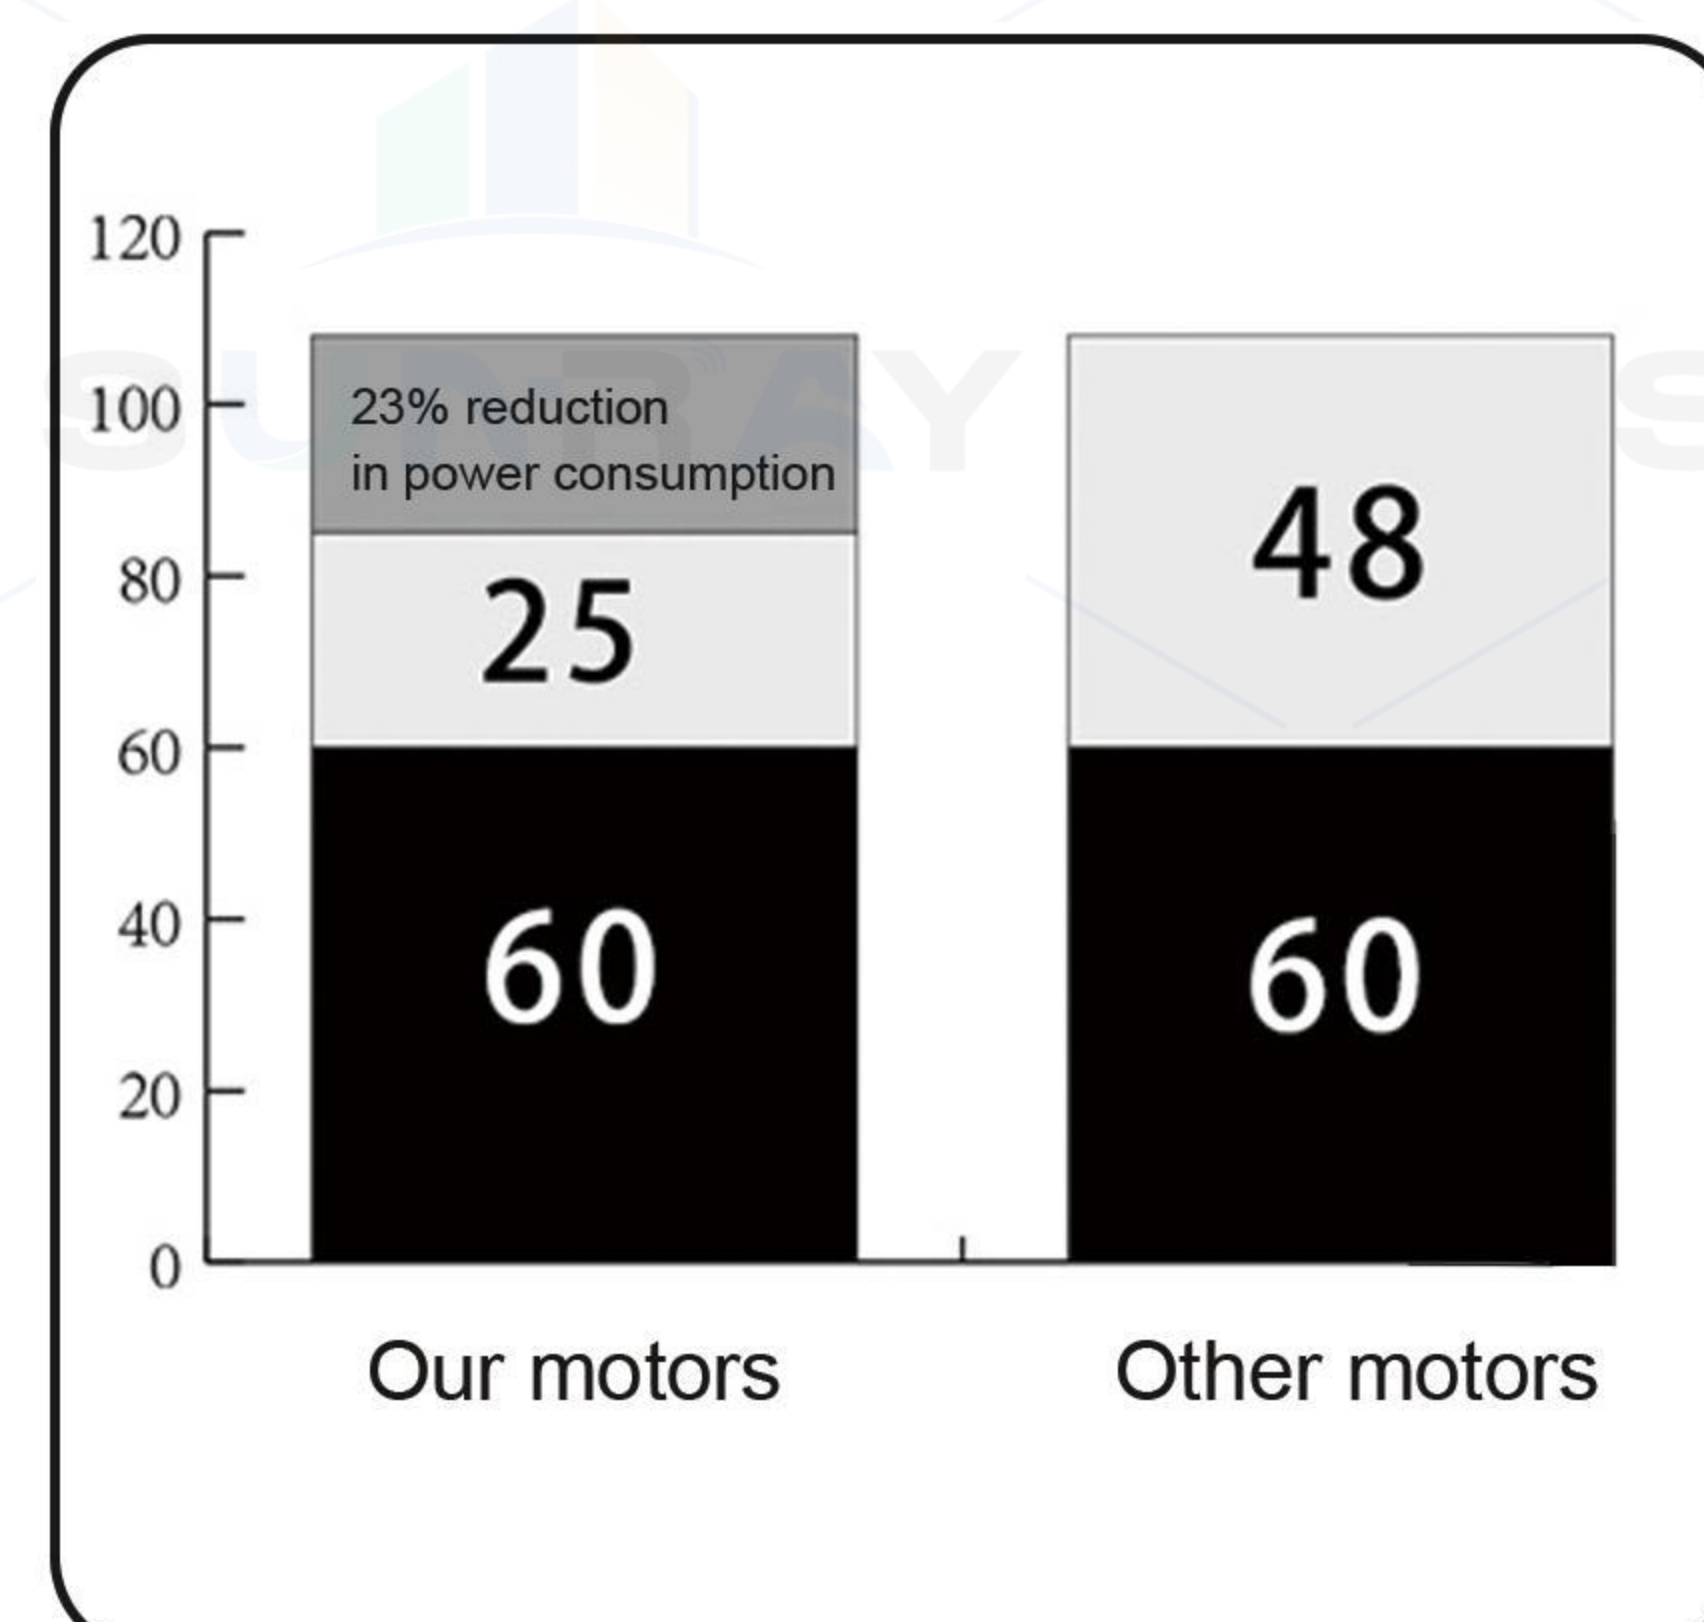

Vibration-resistant, smooth operation, simple operation, energy-saving and environmentally friendly, stable control, and good safety performance

High efficiency and energy saving

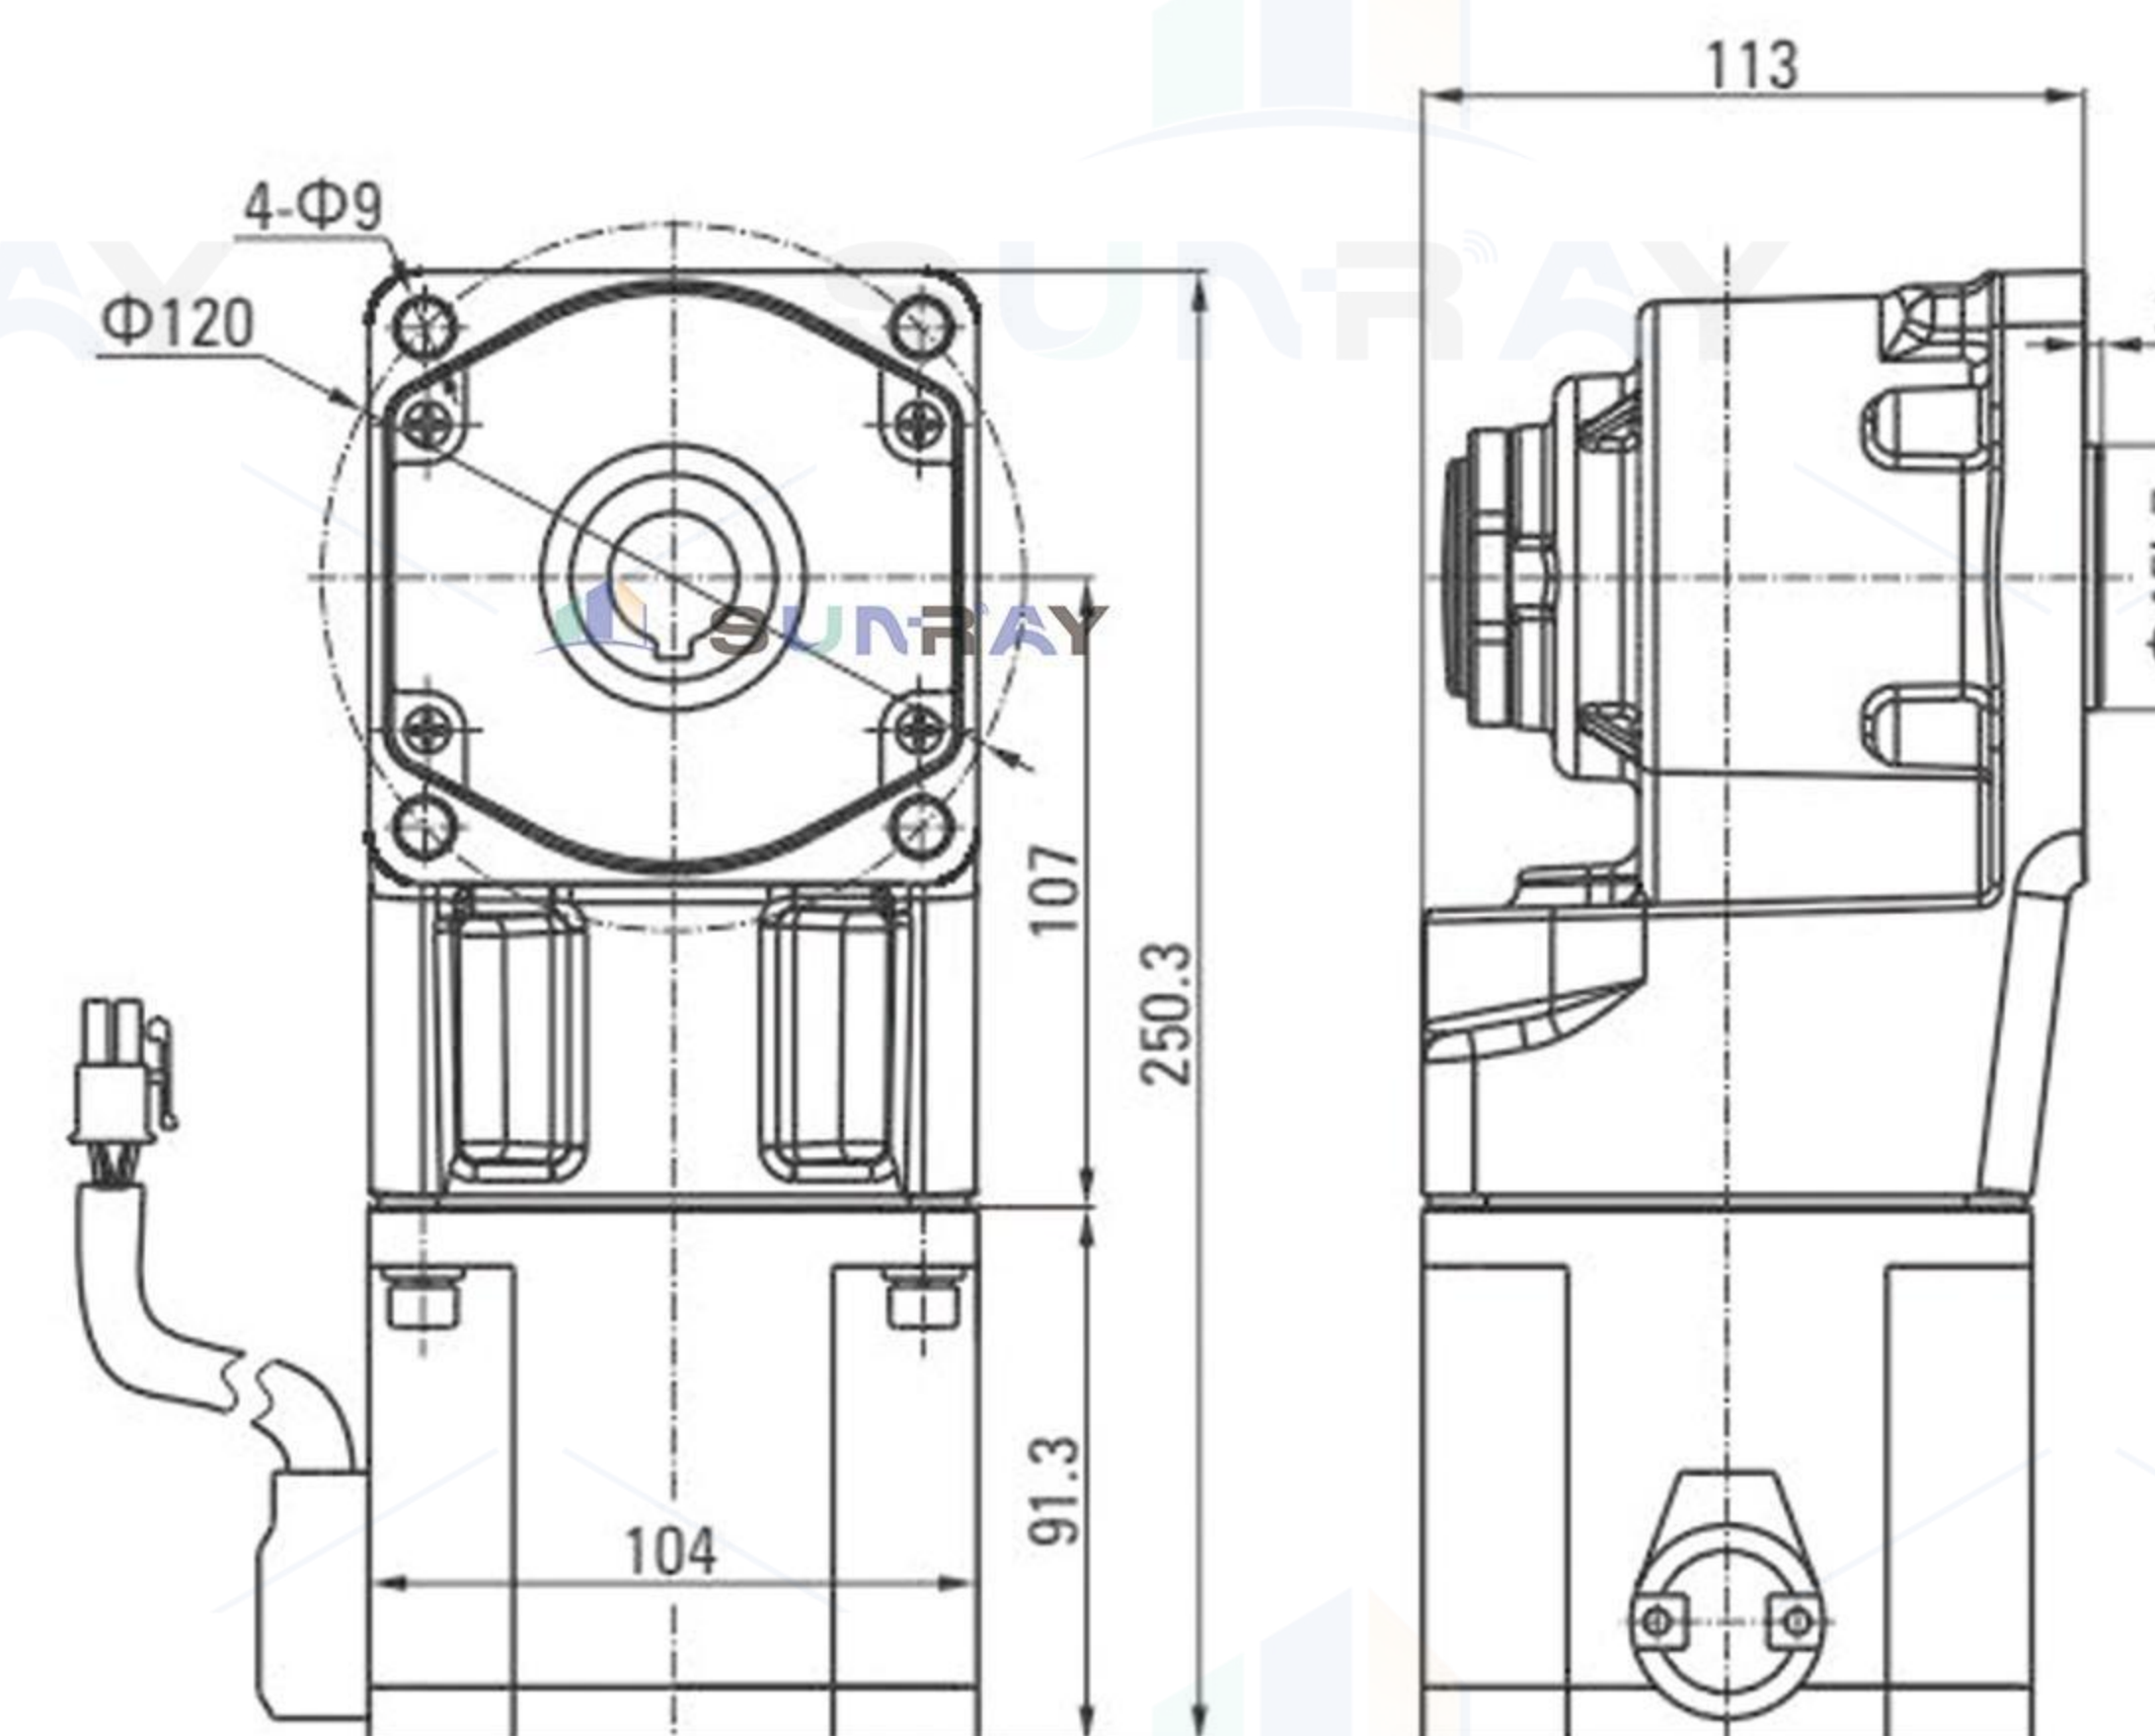

Long service life

AC brushless motor can reduce secondary loss, no friction loss, no commutation spark, high efficiency, power consumption is reduced by 23%, which helps to save energy of the device
